

BP 3IN1

Polyvalent product for the heating system protection: eliminates all noises, acts as an inhibitor and brings into suspension all scales. To be preferably used with BoilerMag magnetic filter.

COD. 300806001

CHEMICAL AND PHYSICAL FEATURES

FORMAT	1 litre / 10 litres
PHYSICAL ASPECT	Fluid
pH	About 7
DENSITY (kg/dm ³ at 20°C)	1,21 g/cm ³
COLOUR	Colourless
ODOUR/FRAGRANCE	Pungent
DOSAGE	1%
WATER SOLUBILITY	Completely miscible

PACKAGING FEATURES

NUMBER OF PIECES PER BOX	12pcs
NUMBER OF PIECES PER EPAL PALLET	672 pcs
BOX DIMENSIONS	H: 22 L:40 P: 28
EPAL PALLET DIMENSIONS	80x120x170 cm
PRODUCT WEIGHT	12 kg
BOX WEIGHT	15 kg
EPAL WEIGHT	700 kg
CUSTOMS CODE *	6806.90.00
BARCODE EAN 13	8054633848463

*Data updated in May 2016

ADVANTAGES

- Prevention of corrosion and scales
- Extension of heating system life
- Protection from corrosion debris
- Dispersing agent, simplifies the collection of magnetite of the magnetic filter

BENEFITS

- Reduction of noises of boiler and heating system
- Corrosion inhibition
- Bring into suspension all debris
- Reduction of energy consumption

MAIN FEATURES

This product has all the qualities together of a noises reducer, anticorrosive and debris suspending agent of debris and scales.

These features in a unique product make the action so complicated and, to simplify, It can be detailed as follow:

1. Reduction of noises inside systems
2. Suspending and anti-depositing action of salts dissolved inside the system fluid.
3. Protective action due to the corrosion inhibition and consequently reduction of stray currents.

BP 3 in 1 is suitable on all type of metals, including aluminum and its alloys.

APPLICATION AND USE

HOW TO PROCEED:

1. Add BP 3 in 1 product directly inside the full system through a BoilerMag magnetic filter. Alternatively, insert the product through a vent valve of a radiator or inside the expansion vessel of the system in a concentration of 1% compared to the water volume of the system. This product simplifies the magnetite collection made by BoilerMag filter.

OFFER DESCRIPTION

Multifunctional treatment with a unique product with antinoise reduction, anticorrosive and suspending agent of debris and scales. To be preferably used with the magnetic filter BoilerMag. Suggested dosage 1% compared to the water volume of the system.

COMPLIANCE

BP 3 in 1 is a product designed for the treatment of water primary circuit of a heating system. Water treatment of domestic heating systems is specified inside Regulation UNI-CTI 8065/89, decree 26/2015 and Regulations UNI-CTI 8364/84 and UNI-CTI 9317/89. These Regulations respond to European directive 2010/31/UE.

STORAGE

Store the original sealed containers in a cool well-ventilated place, away from heat sources. Keep the container tightly closed if not used. For further information consult the related safety data sheet.

ORIGIN OF THE PRODUCT
